

Model: Day/Night Professional Camera WDR

- Features:
- 1/3 560 TVL DS CCD
 - Super Wide Dynamic Function
 - Dual Mounting tabs
 - .01 Lux
 - 12v DC

Specialty Camera to eliminate lighting issues common with normal CCD Processors.

Specifications:

| | |
|-----------------------|-------------------------------------|
| Part No. | 624S |
| Pick up Device | 1/3 Sony DS CCD |
| Signal Format | Pal/NTSC |
| Picture Element | Pal: 752H x 582V NTSC: 768H x 494V |
| Horizontal Resolution | 560 TVL |
| Sensitivity | Color 0.2 Lux B/W .01 Lux |
| Motion Detect | 8 Zones alarm output |
| Scanning System | 2:1 Interlaced |
| Synchronization | Internal sync |
| S/N Ratio | 52db (AGC off) |
| Auto Gain | Low/High/Off |
| White Balance | ATW/AWC/Manual/Outdoor |
| Electronic Shutter | Base unit 1/50~1/100,00 |
| Back Light Comp | WDR/BLC/OFF |
| Video Out | 1 Vp-p 75ohm composite, BNCx1 |
| On Board Menu | Built in |
| Mirror | On/Off |
| Privacy Function | On/Off 8 Zones |
| Lens | No Lens |
| Lens Mount | CS Mount |
| Power Supply | 12v DC (+/- 10%) |
| Power Consumption | 4.0 Watts |
| Dimensions | 115(D) x 59mm (W) x 54mm (H) |
| Net weight | 524g |
| DNR | 1-32 level adjust (noise reduction) |
| Operating Temperature | -10C~50C RH 30~80% |

Recommendations:

From time to time lighting issues are a real problem and require a camera with the flexibility to adjust to almost any condition. This is one camera with an amazing amount of adjustability to provide for the best image in almost any lighting condition. Glare, sunlight, windows and glass walls have no effect on this cameras ability to provide a strong, crisp, clear image. The camera is equipped with two separate processors working at contrasting shutter speeds allowing for a clear image of not only the dimly lit areas of the picture but also the bright. The camera then digitally combines the two signals to give you one crisp clear image regardless of light.

Accessories:

We stock wall mounts for this camera in black and silver. We also have a universal mount that will attach to a drop ceiling rail and you can also get a multitude of lens combinations right out of our warehouse in New York.
